**Rt 111 Beautification Committee
Draft Meeting Minutes
Thursday February 11, 2016 @ 3pm**

In attendance: Al, Letizio, Jr., Anthony Berni, Jay Yennaco.

Excused: Bill DeLuca (Tony Deluca attended in place of Bill to take notes)

The committee met at Windham Country Shoppes and travelled by car to stake out sites for "Welcome To Windham" Signs.

Sites were identified and stakes installed in two locations. One was adjacent to Rt 111 Westbound, just east of the Rt 28 intersection, just before the rail trail bridge. A second stake was installed adjacent to Rt 111 East, just west of Braemar Woods.

The consensus of the committee was to ask Al Letizio, Jr. to speak with Representative McMahon about what possibilities could exist at the end of the Exit 3 ramps as originally desired by the committee. It was also the consensus that Jay Yennaco would contact Art Klemm regarding the committee's first choice of sign placement at the former Waterhouse Country Store, vs, near Braemar Woods.

Motion to adjourn at 4:15pm by Anthony Berni, seconded by Jay Yennaco, all in favor.

Submitted by Al Letizio
